Dear Dan:

Thank you for your presentation on drugs and gangs at the 1996 Engfest conference.

Your session was well received by conference attendees, both on the written evaluation forms we received and in several personal comments made to me. I am impressed by your ideas for teachers, your ability to help teachers address a serious and controversial issue, and the professionalism of your presentation.

You helped make Engfest 96 an exciting and educational experience for the hundreds of Michigan teachers and aspiring teachers that attended.

I am impressed by your contribution to teaching in our state. Keep up the good work!

Sincerely,

Dr. Allen Carey-Webb
Professor of English
