August 6, 1997

Dear Dan and Ike,

I would like to extend my sincere thanks to both of you for working with the Burton Bilingual / Migrant Academic Enrichment Clinical Program this past summer. Your contributions and dedication for our six week program showed a genuine commitment and support in the education and welfare of bilingual students.

In using the Kinesthetic Approach in learning, the teachers, the para-pros/tutors, and the children were in a variety of activities. It was marvelous to see an entire school, pre-kindergarten through twelfth, participate in the performance, lighting, costume making, prop making, and film production. You've inspired the children to use their senses not only to feel, to see, and to hear, but also to think, and to retain messages. You've also given the students a sense of direction to experience their own natural talents. With the massive number of students participating in the production of "The Fifth World", it was an enormous success.

Sincerely,

Teresa Lamarr
Coordinator/Principal
